1 Shipped Product and Version

Open-Xchange Frontend 6.22.6-rev8

2 Bugs fixed since previous Public Release

This document provides a summary of bugfixes and changes that have been applied subsequently to shipping Patch Release #1876.

31153 Webmail unusable after send an email from IE11

With every version, IE keeps introducing random permission checks to try and prevent XSS and other attacks.

Solution: Added a try/catch around the place where we run afoul yet another such check.

3 Tests

The Open-Xchange QA team has successfully verified all bug fixes that could be reproduced within a lab environment.

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server setup for system and integration testing.

All bug fixes have been checked for potential side effects and changed behavior. Unless explicitly stated within this document, we do not expect any side-effects.

4 Fixed Bugs
