2 Bugs fixed since previous Public Release

This section provides a summary of bug fixes and changes that have been applied subsequently to shipping Release 7.8.3.

53115 OLOX20: saving a mailfilter rule with no condition, no action but only a stop rule is not possible
It was not possible to create a stop mailfilter rule.
Now it is possible to save a rule with no condition and action if ”Process subsequent rules” is disabled.

3 Tests

Open-Xchange has successfully verified all bug fixes that could be reproduced within a lab environment.
To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server set-up for system and integration testing. All changes have been checked for potential side-effects and effect on behaviour. Unless explicitly stated within this document, we do not expect any side-effects.

4 Fixed Bugs
