2 Bugs fixed since previous Public Release

This section provides a summary of bug fixes and changes that have been applied subsequently to shipping Patch Release #4391.

55881 Inbox not loading

The yielded 'javax.mail.internet.AddressException' in case of a parsing error may return 'null' when invoking its 'getRef()' method.

This has been fixed by orderly passing parsed address string to fall-back address instance in case of parsing error.

3 Tests

Open-Xchange has successfully verified all bug fixes that could be reproduced within a lab environment.

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server set-up for system and integration testing. All changes have been checked for potential side-effects and effect on behaviour. Unless explicitly stated within this document, we do not expect any side-effects.

4 Fixed Bugs
