2 Bugs fixed since previous Public Release

This section provides a summary of bug fixes and changes that have been applied subsequently to shipping Patch Release #6173.

MWB-1798 Communications link failure attempting to delete user

Using "SELECT ... FOR UPDATE" statements are likely to timeout in distributed/bigger setups. This has been solved by using another (simpler) lock mechanism than using "SELECT ... FOR UPDATE" statements that are likely to timeout in distributed/bigger setups.

3 Tests

Not all defects that got resolved could be reproduced within the lab. Therefore, we advise guided and close monitoring of the reported defect when deploying to a staging or production environment. Defects which have not been fully verified, are marked as such.

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server set-up for system and integration testing. All changes have been checked for potential side-effects and effect on behavior. Unless explicitly stated within this document, we do not expect any side-effects.

4 Fixed Bugs

MWB-1798,
