2 Bugs fixed since previous Public Release

This section provides a summary of bug fixes and changes that have been applied subsequently to shipping Patch Release #4562.

57436 Guard not uploading public key

File input dialogs was not working properly in Microsoft Edge.
This has been fixed by changing order of dialog handling.

56640 An error occurred: unknown signature key algorithm: 22 when opening mail

Report were unable to verify for unknown signature algorithm.
This has been solved by adjusting signature handling.

3 Tests

Open-Xchange has successfully verified all bug fixes that could be reproduced within a lab environment.

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server set-up for system and integration testing. All changes have been checked for potential side-effects and effect on behaviour. Unless explicitly stated within this document, we do not expect any side-effects.

4 Fixed Bugs
