## 1 General Information

OX Drive enables users to synchronize files between a variety of devices (phones, tablets and laptops) and OX App Suite. OX Drive consists of two elements: the OX Drive component that is built into OX App Suite and the native OX Drive apps. These are designed to work together and ensure high usability and a seamless customer experience on different devices.

What's new in OX Drive app v2.16.0 for Windows:

- New features and highlights are presented in a new "What's New" dialog after installing a new app version
- A new activity log provides an overview on recent file and folder activity
- Bug fixes
- Minor UI and UX improvements

For details on how to install and update OX Drive please refer to the instructions here:
