2 Bugs fixed since previous Public Release

This section provides a summary of bug fixes and changes that have been applied subsequently to shipping Patch Release #4669.

58333 Incorrect hyper-link encoding for certain links

In case hyper-links in mail contain percentage signs for URI parameters, those could lead to a incorrect locations since we were encoding them twice. This has been solved to just encode quotes in links.

3 Tests

Open-Xchange has successfully verified all bug fixes that could be reproduced within a lab environment.

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server set-up for system and integration testing. All changes have been checked for potential side-effects and effect on behavior. Unless explicitly stated within this document, we do not expect any side-effects.
