Users OX Spreadsheet is part of the OX Documents product offering with OX Text already released. OX Spreadsheet is available for free and can be used for testing. Please contact your OX Sales representative for further information.

Please follow the instructions to install the new version: http://oxpedia.org/wiki/index.php?title=AppSuite:Spreadsheet_Installation_Guide

3 Tests

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server setup for system and integration testing.

All changes have been checked for potential side-effects and effect on behavior. Unless explicitly stated within this document, we do not expect any side-effects.
