2 Bugs fixed since previous Public Release

This section provides a summary of bugfixes and changes that have been applied subsequently to shipping Patch Release #3187.

43428 When clicking outside the "seach menu" the menu with "advanced search" is still displayed

For Internet Explorer 11 user the search menu was not closed if the autocomplete displayed some suggestions and the user mark something outside this box.

This has been fixed by adjusting the focus handling.

3 Tests

The Open-Xchange QA team has successfully verified all bug fixes that could be reproduced within a lab environment.

To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server setup for system and integration testing.

All changes have been checked for potential side-effects and effect on behavior. Unless explicitly stated within this document, we do not expect any side-effects.
