Open-Xchange Guard 2.10.7-rev9

Find more information about product versions and releases at `http://oxpedia.org/wiki/index.php?title=AppSuite:Versioning_and_Numbering` and `http://documentation.open-xchange.com/`.

2 Bugs fixed since previous Public Release

This section provides a summary of bug fixes and changes that have been applied subsequently to shipping Patch Release #6249.

GUARD-315 Guard "could not find key for user" when replying to mails
Improved error message to: "unable to find key for encryption, please make sure key exists, hasn't expired, or been revoked" and added translations for this.

GUARD-459 SMIME parsing error of mail attribute
SubjectAlternativeName was not used.
This has been solved by adding search of SubjectAtlName.

3 Tests

Open-Xchange has successfully verified all bug fixes that could be reproduced within a lab environment.
    To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server set-up for system and integration testing. All changes have been checked for potential side-effects and effect on behavior. Unless explicitly stated within this document, we do not expect any side-effects.

4 Fixed Bugs

GUARD-315, GUARD-459,
