1 General Information

OX Guard v2.10.4 for OX App Suite v7.10.4

With this new release, Open-Xchange integrates OX Guard even more closely with OX App Suite v7.10.4. Enhancements to OX Guard in this release include:

- New Mailfilter Rules for PGP Emails
  In combination with the new OX App Suite v7.10.4, users are now able to create rules to encrypt certain incoming emails automatically. Additionally, it is possible to create rules based upon PGP signatures as emails arrive.
- Improved Handling of Decrypted Messages
  With a newly introduced user option, decrypted messages can be automatically re-encrypted when another email is selected, or if the user moves to another application such as calendar or contacts.
- Improved Elliptical Curve Support
  Elliptical curve support for PGP encryption and signatures are greatly enhanced in this release.

What's New in General and Feature Overviews

- Open-Xchange now provides more detailed overviews and Feature Overview documents relating to new product releases. These can be found at https://www.open-xchange.com/portfolio/whats-new/
